

REMARKS

1. The Examiner has indicated that the terminal disclaimer filed on January 18, 2005 that disclaims the terminal portion of any patent granted on this application has been reviewed, accepted, and recorded.

2. The Examiner has rejected claim 34 under 35 U. S. C. 102 (e) as being anticipated by Malhi (US 5,349,207).

Claim 34 has been canceled.

3. The Examiner has allowed claims 2-12, 14-19, 21-33.

4. The Examiner has objected to claims 35-50 as being dependent upon a rejected base claim. The Examiner has further indicated that claims 35-50 would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Claims 35-50 are amended and rewritten in independent form including all of the limitations of the base claim and any intervening claims. Thus, it is believed that claims 35-50 as amended are allowable.

5. Claims 1, 13, 20, and 34 have been canceled. Now claims 2-12, 14-19, and 21-33, and 35-50 are pending in the present application and are

believed to be in condition of allowance. Reconsideration of the rejections is respectfully solicited.
